

Hugh Cox Elected New President of Chamber Commerce

At the regular weekly meeting of the directors of the Chamber of Commerce, held Thursday noon, Hugh Cox was elected by the directors as president of the organization for the ensuing year, and other officers elected were J. R. McKinney, first vice president, V. B. Hayes, second vice president, Green Thompson, Treasurer.

The new board of Directors of the Chamber is constituted by the above officers and the following directors: Forrest H. Johnson, W. K. Gilstrap, W. E. Overback, Galen McKinney, R. V. Hubbard, C. B. Cochran and A. P. Bell. The secretary is employed by the board and not elected.

INVESTMENT IN DORMITORY BONDS IS HELD ILLEGAL

Funds derived from section 13 and new college lands can not be invested by the School Land Commission in dormitory bonds prescribed by House bill 388 passed by the last Legislature, according to an opinion from the Attorney General's office.

The constitution is cited as defining just what securities the school money of the State may be invested in, and the opinion holds that these dormitory bonds are not within the class provided by the Constitution.

The House bill in question would have dormitory bonds issued to the extent of \$500,000, of this amount \$100,000 being invested for each year up to and including five years. These proposed dormitories were to have been erected on the campus at the State University at Norman.

As directed by provisions of the law, the School Land Commission recently took steps to carry out the provisions of the law, but before making any transaction final asked the Attorney General for an opinion on the matter of investing the school fund of the State. Validity of the law is not mentioned by the Attorney General.

CITY ESTIMATE IS CUT \$12,000

The city council in adjourned session Thursday night approved the city financial statement for the fiscal year ending June 30, this year and the estimate of money's needed for the fiscal year ending June 30, 1922, and will be presented to the city board which meets to make the budget Saturday, July 30.

The estimate has been cut \$11,928.50 over that of the year just ended making the total budget for the year only \$78,771.56 the smallest in several years.

The water department was cut \$5,000. The city engineer's fund was cut down \$1,605, as the city had no engineer at this time the remainder of the reduction was taken off of the street fund.

The action of the council in whitening every item possible from the budget bespeaks that body's determination to reduce taxation for city purposes to the lowest possible sum.

Reading—Miss Roberta Sexton.
Vocal Solo—Miss Elizabeth Crook.
Reading—Miss Christine Hotchkiss.
Benediction—Dr. Lyle.
Postlude—Orchestra.

WHEAT EMBARGO TO BE CONTINUED

The wheat embargo at Galveston will not be removed until the number of loaded cars congested at that port is materially reduced, according to information secured at the Interstate Commerce Commission. Reports to the commission from J. B. Ford, its representative sent to Galveston a week ago to investigate the situation, say there are 2,000 cars there awaiting unloading at the elevators, containing 900 carloads, and unloading proceeding at the rate of 300 cars a day.

Rev. Chas. M. Schoonover, pastor of the First Christian Church closed last week a very successful two-weeks revival meeting at the Christian Church in Denison.

CALERA ROAD CLOSED THIS WEEK TO DO ROAD WORK

The road from Durant to Calera is closed to the traffic beginning this week, and every citizen is asked to keep this fact in mind and to advise their friends and tourists of this fact.

The road is closed by the County Commissioners so that construction work on the hard surfaced road can be started and will not be interfered with. In fact, after this work gets well under way the road will be virtually impassable any way.

County Commissioner Ranbo has posted signs for a detour between here and Calera, and some traffic is already being routed over the detour, which is out by the fair grounds. A big sign has been posted at Ninth and Arkansas streets stating the J. H. and K. T. highway is closed and directing that the detour signs have been posted all the way to Calera.

An Indian dealer advertises that every piano in his house is a sound instrument. Well, they ought to be, don't you think?

NOT MOLEST KLAN IF LAWS ARE NOT VIOLATED

Unless members of the Ku Klux Klan, an organization of which is reported to exist in Oklahoma City, violate the laws, the organization will not be opposed by county officials, it was said there Thursday. Mayor J. C. Walton, in a letter to the Chief of Police, declared that such an organization existed and directed the chief to make an investigation for the purpose of learning if members of the police force belonged to it.
